Northern Heights Class Placement
Parent Input Form

Academic Year: 2022-2023 Child's Name: _____

Grade Next Year_____

We will soon begin planning for class placement for the 2022-2023 academic year. As we move students from grade level to the next, we will ask your child's current teacher to give us input on class placement. We know that many of you value the opportunity to provide us with information about your child (ren) as a learner(s). This form provides you with a place to share specific information that will assist us in making a class placement for your child**. All information to be considered must be submitted on this form. Please use the back if additional space is needed.**

Please give us specific information about the type of learning environment you prefer for your child. A number of factors are considered when developing class lists for the academic year. The important factors we consider include 1). equity in class size, 2). balance in gender, 3). balance in academic grouping, 4). balance in social and behavioral concerns, 5). recognition that some students do not work well together and need to be in separate classes, 6). special needs, and 7). parent input for students needing special placement for educational reasons.

Important Note: *We cannot accept individual teacher requests*. Requests for specific teachers will not be considered and will be returned to parents with a new parent input form.

Parent Input / Educational and social needs to consider when placing my child:
